

Getting Started in Undergraduate Research

Get ready, Get set, Go!

Learn how to find an undergraduate research experience that is right for you.

This workshop will cover how to find a faculty research mentor to work with and the first steps on getting started in research. Learn the importance of becoming an undergraduate researcher, how to find a research mentor, how to develop an email to contact potential research mentors and finding funded student research programs and opportunities on campus.

Facilitated by: Monique Turner, MA, Department of Psychology

OCT 4 | 5:30-6:30 PM
