GET PAID for a PhD in the Biomedical Sciences & STEM Fields

Workshop

Did you know that you don't have to pay to get your PhD in the Biomedical Sciences/STEM fields? Did you know that in most cases you get paid a stipend while you are completing your PhD in the Biomedical Sciences/STEM fields? Lastly, did you know that you don't have to obtain a Master's degree before applying to PhD programs? This workshop will cover the ins and outs of what applying to PhD programs looks like, as well as what is expected of you once you are in those programs, and what sort of jobs wait for you once you are done.

Facilitated by Dr. Erin McCauley, Department of Chemistry & Biochemistry

THURS | SEPT 8 | 2:30 PM | SBS D225
