

Academic Research & Writing Workshop Panel

For Social & Behavioral Sciences

The workshop panel will help students learn the basics of academic research, helpful tips on navigating through library databases, and effective writing skills such as creating an outline and understanding your variables. Students will also learn more about finding, synthesizing, and integrating multiple sources of information. Students will have the opportunity to get live feedback from faculty, Library staff, and the Writing Center. Students are encouraged to bring their work.

Thurs, APRIL 13 | 2:30-3:30 PM
