

MANAGING & CITING SOURCES WITH ZOTERO

Are you having trouble keeping track of your sources? This workshop will introduce you to a free software tool, Zotero, which can help you collect, organize, and cite your sources. Zotero allows you to easily generate in-text citations and bibliographies in MLA, APA, ASA, Chicago, and many more in Google Docs, Microsoft Word, and Open Office. In preparation for this workshop, please download Zotero to your computer and add the Zotero Connector extension to either Chrome or Firefox. Instructions available at <https://www.zotero.org/download>
