President Mildred García

### **Deferred Enrollment Policy**

It shall be the policy of California State University Dominguez Hills to offer students who have been regularly admitted for a specific semester, but failed to enroll an opportunity to move their admissions to the following semester.

The Director of Admissions will send a notice to such students offering them the opportunity to request such action. The student will be required to submit such a request to the Director of Admissions. Upon receipt of such a request, the student will be admitted for that term.

There will be no additional fees to the student for such action as there is minimal cost to the University for such action.
